

# Alcohol Inks

with Kavita Lamba

Wednesday 26<sup>th</sup> July 10-2pm

Alcohol ink is a fluid painting technique. The colours are highly fluid colours, very vibrant and fast drying. You basically apply the colours with Isopropyl alcohol and use different techniques to make and create your painting

My name is Kavita Lamba. I am a member with NZFAI, work part time for Air New Zealand at the airport and the rest of my time is taken up by my family, traveling and my passion for art.

I have been painting off and on for about 30 years now. I love to dabble in water colours and oils , but of late I have been trying different mediums like encaustic wax and alcohol ink, which I learnt in the US a few years ago and I was very intrigued by the flow and vibrancy of the colours.

Please join us for this demo/workshop where we will play with Alcohol inks. Please bring gloves and a face mask. Inks and special paper supplied.

Members \$35 Visitors \$45 Please book at the Gallery or via email.
